

# ***The Traveling Trader***

## Suggested Tools for the Road

- **Preferred Set-Up: Run Your Tradestation, MetaTrader, NinjaTrader, etc... on your main system/desktop at your home office connected to the highest quality internet service and use Remote Access to connect**
- **Risk: Internet is down at the home/office.**

# Best Remote Access – LogMeIn “Free”

PREMIER  
TRADER  
UNIVERSITY

The screenshot shows the LogMeIn website homepage. At the top, there is a blue header with the LogMeIn logo on the left and a 'Log In' button on the right. Below the header is a large banner image of a man crouching in front of a waterfall. Overlaid on the bottom of the banner is the text 'WELCOME TO REMOTE ACCESS.' in large, white, bold letters. Below the banner, the text 'YOU ARE NOW FREE TO BE FREE.' is displayed. Underneath this, a paragraph reads: 'How can you be more productive, more proactive and still spend more time doing what you love? Try [LogMeIn Pro](#) for full remote access to your computers.' To the right of this text is a green button that says 'Try It Free' and a link that says 'Already have an account? [Log In](#)'. Below the main text, there is a section titled 'FREE TO BE PRODUCTIVE' with a paragraph: 'Forgot an important document? Transfer it. Can't email a huge file? Share it. Need a hard copy from home? Print it to the nearest printer. Using Pro you'll get more done, more easily so you can get away more often.' To the left of this section is a small image of a computer monitor displaying a video of a child. To the right is a large image of a laptop displaying various icons (a building, a play button, a house, a car, and an airplane) on its screen.

LogMeIn

Log In

WELCOME TO REMOTE ACCESS.

YOU ARE NOW FREE TO BE FREE.

How can you be more productive, more proactive and still spend more time doing what you love? Try [LogMeIn Pro](#) for full remote access to your computers.

# Ultrabooks if you prefer Windows

## Aspire S7-191-6640 Ultrabook (Windows 8)

In Stock  
SKU# NX.M42AA.001

Product Tour

Acer introduces the world's thinnest Touch Ultrabook™, the Aspire S7. Radically thin, supremely strong, scratch resistant and easy to clean: White Gorilla® Glass 2 makes the beauty of the 13.3" Aspire S7 Series gleam at an ultra-thin 0.47 inches. The 11.6" model, with its sleek aluminum unibody, is just 0.48 inches slim. Both Ultrabook's are designed for touch, thanks to the Acer patented dual torque hinge that creates the perfect resistance for touch control providing the best Windows 8 experience.

**Samung, Acer, Asus, HP – You can still get models with Windows 7 if preferred**

# Tablets

- iPad's and Windows Tablets could work
- You'll need a Keyboard Case (for example Logitech)
- Limitations – May not be able to do all required inputs in your charting platform or broker
- I found it challenging at times vs. a true laptop

Whether traveling around the corner or around the world, Boingo has a plan to keep you connected to Wi-Fi on your laptop, tablet, or smartphone.

[Learn More](#)

# “Tether” Your Smartphone

- Make sure if you travel with an iPhone or Android phone you can connect via WiFi to the internet as a back-up to Boingo, Hotel or Free Public Wi-Fi
- If you travel international be sure you in advance purchase an international data plan from your provider (AT&T, Verizon, etc...) or be in for a very rude surprise when returning home (I’ve had \$500-\$1,000 surprise bills)
- Speedtest.net – test your internet speed wherever you connect and consider downloading the app as well
